

MULTILINE

Reports: New printing options

Transactions and send transactions :

It is now possible to add totals in your reports.

You have the possibility to add totals for your prints „**Overview of selected files**“:

- per bank
- per account
- per currency

The screenshot shows the MULTILINE interface with the 'Transactions' tab selected. The 'Print options' dialog is open, displaying a list of options for printing 'My transactions'. The 'Overview of (selected) files' option is selected, and the 'Add totals per transaction currency' sub-option is also selected. The 'Print' button in the left sidebar is highlighted with an orange box.

Print options:

- Overview of (selected) files
 - Add totals per bank
 - Add totals per bank account
 - Add totals per transaction currency
- Details of (selected) files
 - Status
 - Summary of the transactions
 - Processing options
 - Sign info
 - Audit trail
- Full details of (selected) files (not available for certain payment formats: XML, MT 101)
- Summary of (selected) files

Buttons: Show PDF, Export TXT, Cancel

The screenshot shows the MULTILINE interface with the 'Transactions' tab selected. The 'Print options' dialog is open, displaying a list of options for printing 'All recent transactions'. The 'Overview of (selected) files' option is selected, and the 'Add totals per transaction currency' sub-option is also selected. The 'Print' button in the left sidebar is highlighted with an orange box.

Print options:

- Overview of (selected) files
